MILITARY VETERANS PLATES - (SDCL 32-5-108, 109, 109.1, 109.2) - \*Plates can only be used on an automobile, pickup, or van licensed under the noncommercial license fee schedule or a motorcycle. Qualifying residents of this state may apply for Purple Heart (PH) (copy of DD Form 214: discharge papers must be furnished); Disabled American Veteran (DAV); Prisoner of War (POW); or Pearl Harbor Survivor (PHS) license plates. Applicants are limited to two sets of each of these plates. Upon initial application, the applicant pays the \$10 special license plate fee; upon verification of eligibility and proof of a South Dakota driver's license or South Dakota identification card, if applicant is not eligible, a refund of the Special Plate fee (\$10) is made and a collection is done for the registration fee. If an applicant dies or otherwise becomes disqualified, the plates must be surrendered to the county treasurer of the county where the applicant lives. Application is made to the county treasurer of the applicant's county of residence. \*A veteran may choose to use one of the two sets of military veteran plates on a noncommercial vehicle that is a pickup truck that weighs more than 6,000 pounds licensed under the declared gross weight vehicle fee schedule or a motor home. In this case, the veteran pays the regular license plate fees and does not pay the \$10 fee for the special plates and renewal stickers.

NATIONAL GUARD – (SDCL 32-5-55) – A resident of this state who owns a vehicle and who is an active enlisted member of the National Guard, an active warrant officer of the National Guard, an active commissioned member of the National Guard, or a retired member of the National Guard with 20 years or more of creditable service, may obtain National Guard license plates. If discharged, separated, or furloughed to a reserve or inactive status, the plates must be surrendered. Application is made to the county treasurer of the applicant's county of residence.

A copy of DD214, a copy of the certificate awarded upon presentation of the medal, or other official documentation that substantiates eligibility is required. If an applicant dies, plates may not be displayed beyond the expiration of the plates or renewal stickers, plate fee - upon renewal, the registration fee is assessed but no special plate fee is charged.

Application is made to the country treasurer of the applicant's county of residence. See front of application for requirements.

If an applicant's vehicle currently has regular county assigned license plates or special license plates assigned to it, the applicant may choose to retain the regular or special license plates that are being removed for future reassignment to a newly acquired vehicle, or the applicant can turn the regular or special plates in to the county treasurer and receive credit for any remaining months on the plates toward the registration fee.
